

Whaleboat Hats

These medium profile hats are made with heavy navy blue 100% cotton fabric with an adjustable Velcro rear closure. The hats are embroidered in the U.S.A. There is a detailed whaleboat embroidered on the front and our Web site www.whaleboat.us is embroidered on the back. These hats are absolutely beautiful!

Whaleboat Burgees

These durable and quality-constructed nylon burgees measure 11" x 16.5" and are completely manufactured in the U.S.A. The detail of the whaleboat is unbelievable and the whaleboat you see pictured above is also duplicated on the other side of the burgee, though facing the other direction. These burgees are just as beautiful as the hats! We are confident you will want to order both the hat and the burgee. **However, if you ONLY wish to order the burgee, the shipping will be via USPS First Class and will be \$1.80.** The packaging for this mode of shipping will be a 9" x 12" envelope and the burgee will have to be folded.

We are keeping costs down for all involved by not using PayPal. As soon as your personal check clears we will ship your hats and burgees via USPS Priority Mail in the regular/medium flat-rate box. We do not want to risk crushing your hats or burgees by attempting to ship them in the smaller flat-rate box. No matter how many hats and burgees you order, as long as we can fit them all in the box described, the shipping price will remain \$10.85 for shipments within the U.S. If you wish to have your hats and burgees shipped outside of the continental U.S., please check with us first, so we can calculate what the USPS International Postage will be and then let you know. If you have ANY questions, please email us at: info@whaleboat.us.
